

Stolp®

VOGUE

"Disconnect to reconnect. Stolp® is ideal when you want some quality time without notifications interrupting the conversation."

Stolp®

Stolp® is a Faraday cage, a technology ensuring that once the phones are placed inside, no signal can enter. No phone signal, WiFi, 3 5G, ... connection whatsoever on your phone will come in, nor out.

Time to be present & enjoy moments at their fullest.

Product details:

Works as of Faraday cage. Once fully closed no signal comes in, nor out.

- Fits up to 4 5 smartphones, depending on size and cover.
- For all phone sizes: 16.7 × 8cm.
- High-grade matte product finishing.
- 100% offline. No radiation.

Colours:

Stolp® Wireless Powerbank

Wireless charger, made to fit Stolp® seamlessly or to be used stand-alone.

Recharge your phone while recharging yourself.

Product details:

- Removable CE-certified wireless charger.
- Works with all Qi-compatible phones.
- Capacity of 10.000mAh. Charges at 15W.
- Good for up to 3 full battery charges, depending on your phone.
- 16.7 × 8cm.

Colours:

Stolp® Carry Case

Cross-body case:

Store & carry your phone & essentials while creating moments to reconnect with the real world when it matters.

Change your routine:

New ritual to phone more consciously on-the-go. Break with the habit of staying always switched on.

Switch "on/off" phone modes:

Store your phone out of sight but still reachable. Or go 100% out-of-signal with the built-in Faraday pocket.

Made to last:

High-grade anodised aluminium case and nylon strap. We got you covered for any situation on-the-go.

Carry your essentials:

Interior neoprene compartments to seamlessly store away & retrieve your key essentials. Any place, any time.

Product details:

- Fits all phone sizes (e.g. iPhone 15 Pro Max).
- Fits most cards, keys, earpods, etc.
- Product dimensions: 22.2×12.9×4.0cm.
