Gifts that last . Gifts that last .

Spring  
Copenhagen

Spring Copenhagen is a Danish design company with roots in the Scandinavian design tradition.

We create gifts that last.

Our name refers to the season where everything grows, the feelings of renewal, and the celebration of budding ideas.

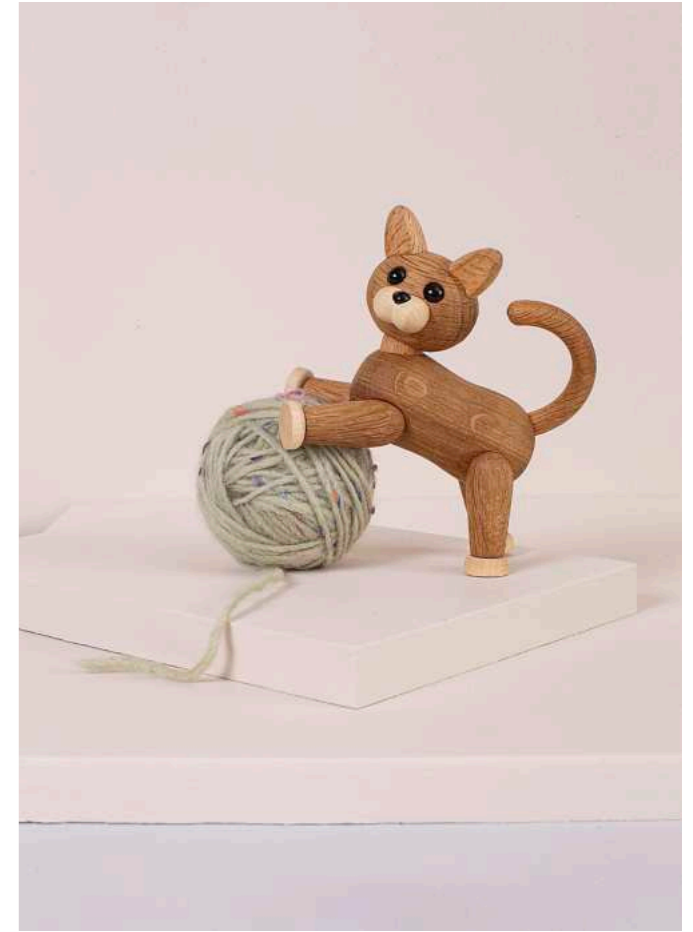

Our attention to detail ensures that our products are not only beautiful, poetic, and well-designed gifts for any occasion, but also sparks curiosity and have the potential to become new classics that age gracefully and are passed down through generations. We create figurines and figurative objects at accessible price points, making it possible for everyone to bring a touch of beauty and charm into their lives.

Spring Copenhagen's unique portfolio includes design from the 1930s to the present, developed in collaboration with forgotten, famous, unknown, and up-and-coming designers and idea-makers.
